

St NICHOLAS' CHURCH, HEDSOR

Partnership for Missional Church

Revd Gill Lovell

will speak about a new and exciting project

Partnership for Missional Church,

9am Sunday 21st January

Partnership for Missional Church "Is a wonderful journey that helps churches discover a sense of purpose, discern the call of God, and engage in joyful, hopeful mission in their local communities." Rt Rev Paul Butler, Bishop of Durham

With so many churches under pressure to grow more, give more, do more – Partnership for Missional Church is an exciting project that enables the church to discover:

1. The release that comes from truly relying on God
2. The liberty that comes from taking the time to listen
3. The confidence that comes from genuinely connecting with your community
4. The impact of innovating, risk-taking and not being afraid to experiment
5. The lightness of living out your call as a church

Find out how you can be involved this Sunday 21st January when Revd Gill Lovell the Parish Development Advisor for Buckinghamshire speaks about Partnership for Missional Church.
